Toronto, ON | (647)-555-0000 | [anna.shibanova@georgebrown.ca](mailto:anna.shibanova@georgebrown.ca) | [linkedin.com/anna-sh](https://www.linkedin.com/anna-sh)

### Career Objective

As a motivated Computer Programming student at George Brown College, I am keen to leverage my skills in C++, Java, and my understanding of relational databases in the role of Student Developer at your company. My goal is to contribute to innovative software solutions and gain valuable industry experience.

### Highlights of Qualifications

- Proficient in C++ and Java, with extensive experience in major core projects following the MVC architecture and contributing to open-source projects on GitHub.
- Achieved Dean's Honor List twice, reflecting an excellent academic record.
- Proficient in scripting with Bash, enhancing operational efficiency and automation capabilities.
- Well-versed in MySQL Server and Oracle, ensuring robust data management and manipulation.
- Proven ability in teamwork, having successfully completed multiple group projects.
- Committed to continuous learning, proactively staying informed of the latest trends and technologies.

### Technical Skills

**Programming Languages:** C++, Java, C#

**Web Development:** HTML5, CSS3, EF Core, JavaScript, PHP

**Database Management:** SQL (MySQL, Oracle Database)

**Development Tools:** Git, Visual Studio Code, IntelliJ IDEA, NetBeans, BlueJ

### Professional Experience

**Web Developer at Kolambia (Russia)**

**2 years**

- Developed and launched an e-commerce platform, boosting monthly profits by \$240,000.
- Engineered an online pricing calculator, pivotal in elevating sales by 120% post-implementation.

**Marketing Manager at Big Bear (Crafting goods) (Russia)**

**3 years**

- Executed SEO strategies using Google Analytics and Yandex, securing top-ten search engine rankings.
- Launched advertising campaigns via Google AdWords, yielding a monthly sales increase of over \$500,000.
- Enhanced the online store's user experience, tripling sales and expanding customer base.

**Project Lead at Narutoproject**

**5 years**

- Directed the largest nonprofit anime fan community, boasting 30,000 registered members and over 2 million posts, leading a multicultural team of 50 from CIS region.
- Over three years, amplified daily active users from 1,200 to 3,000 through engagement initiatives.
- Administered web and FTP servers, successfully executing a hosting migration to enhance capacity.
- Addressed DDOS and spam attacks, fortifying server security and ensuring uninterrupted service.

### Education

- Computer Programming and Analysis **Jan 2022 - Expected Graduation Date - May 2025**  
George Brown College, Toronto, ON
- MA in Psychology, Pedagogical University, Russia
